cable number 4481: 6/15/90: Death of British Journalist raises questions. local media have picked up on a conspiracy theory launched in the british press which alleges that the journalist was murdered to cover up the company's plans to sell a modified US helicopter to Iraq for military purposes. local reporters think this motive improbable, but suspect the chilean company has been actively involved in the illegal transfer of sensitive technology, possibly even including asst to Iraq in its efforts to build nuclear weapons. Cardoen's links with a U.S. company in the development of a helicopter that can be configured for military use is likely to come under increased scrutiny. Cardoen is mentioned as having been involved in the killing of the british newspaper journalist "Moyle." Cardoen, at a press conference in 5/90, denied any link betw thw 206L project and the moyle killing.. Cardoen acknowledged his close relationship w/ Iraq, but said there were no plans to sell the 206L to iraq. A. jocpl. journalist (sohr) who specializes in military affairs has raised questions about cardoen's involvement with the iraqi efforts to build med range nuclear weapons and/or a super cannon for tactical nuclear weapons for use against IS. Sohr recounts cardoen's involvement with the cannon which s african weapons builder armscor currently sells to iraq. Sohr also has also suggested that cardoen is a major player in the int'l arms mkt and has skirted US
